

Service & Pricing Guide

Welcome

Bonjour and welcome!

My name is Nadia, and I'm the founder of La Teachelle — a space where learning French feels relaxed, enjoyable, and adapted to real life.

I'll walk you through my services, how I help students progress, and what makes my approach unique. Let's get started!

Mission

Our mission is simple: To make French learning accessible, enjoyable, and stress-free for learners of all levels.

I believe that French doesn't have to feel intimidating. My goal is to help you speak comfortably, confidently, and naturally whether you are learning for travel, work, or personal growth.

My vision is to support professionals and international learners in Amsterdam and around the world, helping them use French effectively in real conversations and real situations.

I want every student to feel supported, motivated, and empowered throughout their learning journey.
